and occasional inspections ~~visits~~ to the Branch Press. Travelling allowance is paid to the Supdt for these visits and it is for consideration if an additional provision is necessary. Such provision will, it seems to me, necessary if it comes to a question of visits to Presses at other places than Mysore & Bangalore.

Offg. Secretary to the Govt. of Mysore
General & Revenue Departments

SIR,

In reply to your docket No. G 14634 dated June 30th, 1915, enquiring whether any work has been done in the matter of advising private printers, in accordance with Government Order referred to therein, I have the honor to say that, so far as opportunity has occurred, I have paid visits to several presses in Bangalore in out-of-office hours, and have received many calls at the office, asking for advice. Beyond this nothing has been done. If it is intended that I should visit presses outside Bangalore, it will be necessary

to make provision for travelling allowance and I must know just what I am expected to do. It would mean that I should probably have to spend a considerable portion of my time away from office. I therefore await Government's instructions thereon

With reference to the day school in the Press, I am glad to say that this has now been in existence for some time and is being carried on very satisfactorily.

The Technical School building is now finished and is being furnished. I hope to open it at an early date.

I have the honor to be,
Sir
Your most obedient Servant,

Superintendent,
Fort. Press.
